Services

Prospect Research

Our team has the tools to research federal, state, local and private funders to provide your organization with best prospects for funding.

Proposal Development

We will work with your organization to develop concepts and prepare the proposal strategies. Our team manages the project from writing to submission.

Contract Management

We ensure grant regulations are met and you remain in compliance, safeguarding your organization from risks.

Design Approach

- 🎯 **Research and target funding programs**
- 🎯 **Define project goals that align with funder priorities**
- 🎯 **Establish a project plan with outcomes, timeline and budget**
- 🎯 **Develop compelling proposal supported by data and evidence**

About Us

Connected Philanthropy is a woman-owned company with 20+ years of experience in government grant writing and management services. Specialties include: environment, education, parks and rec, homelessness, and health and human services.

We have raised over \$150 million nationally. With offices in California, Arizona, Texas and Idaho, our team excels in navigating grant programs, crafting compelling proposals, and efficiently managing grants to drive successful outcomes. We are dedicated to empowering organizations to create positive change.
